Loveland, Colorado | 970-218-3651 | trav.lkline@gmail.com | linkedin.com/in/travis-lee-kline

OBJECTIVE

Multi-faceted web developer with design skills and over a decade of experience within the online marketing and eCommerce industry. With a proven track record as a web developer, I am eager to apply my expertise and drive for excellence in a dynamic work environment.

EXPERIENCE

Certified Commercial Property Inspectors Association - Boulder, Co 2021-2025

Front-End Web Developer, Video Editor

- Managed a WordPress Network Member site with 1700+ active paying members using Memberpress and Learndash plugins.
- Managed sensitive customer data through Stripe payment processing.
- Built new site functionality and provided support for technical issues.
- Shot & edited video for commercial inspection education classes, as well as creating promotional video for CCPIA and its members.

Ridge Marketing and Design and Golden Path Solutions - Remote (Contract) 2020-2021

Front-End Web Developer

- Built WordPress sites from Figma and Photoshop mockups.

Madwire Media - Fort Collins, Colorado 2013-2020

Front-End Web Developer

- Developed hundreds of fully functional, cross-device compatible, user-friendly responsive sites from mockups for small to large eCommerce-based websites on BigCommerce, Shopify, and WordPress.
- Developed custom scripts and templates utilizing front-end and back-end technologies.
- Set-up and migrated client websites in a managed Web Host Manager infrastructure.
- Monitored website performance and rectified front and back-end-related issues
- Designed mockups and assets within Photoshop and Illustrator.
- Communicated technical issues in an understandable manner to the team and clients.
- Collaborated closely with project managers and marketing executives to support projects during all phases of delivery.
- Simultaneously worked on numerous and extensive time-sensitive projects with multiple project leads.

Madwire Media - Fort Collins, Colorado 2012-2013

Web Support Specialist

- Client facing position that involved building tools, developing sites, and troubleshooting site issues.
- Communicated directly with clients to establish project parameters, wrote proposals for design and development work, and sold services.

Web Developer

- Built and maintained company websites.
- Designed logos and website mockups.
